### THE SUPREME COURT

has permitted real estate appraisers to qualify as experts and testify in court proceedings from their knowledge of real estate values obtained from the records as published in the Record and Guide. Why? Because, they are absolutely authentic, for these records are carefully abstracted from the original instruments, verified and edited by experts with years of experience, thus making them accurate, dependable and reliable, having no equal, and their value never decreasing.

With additional information not given in the Record and Guide weekly, these records are also published in the Quarterly, the final one, making in one compact volume, a complete transcription, in digest form, of all Conveyances, Miscellaneous Conveyances such as Release of Mortgages and Dowers, Contracts, Agreements, Consents, Assignments of Rents, Power of Attorneys Designation, Resignation and Appointment of New Trustees and Executors, etc., Mortgages, Extension of Mortgages, Participation and Subordination Agreements of Mortgages, Assignments of Mortgages, Satisfied Mortgages, Leases, including consents, assignments, cancellations and surrender of leases; Real Estate Appraisals, Auction Sales, Wills, New Buildings and Alterations with cross references for the entire year, Borough of Manhattan. These records are arranged geographically, chronologically and alphabetically so that the subscriber may, at a moment's notice, find the desired information. In order to make these records more complete the attorney's name is inserted in all Mortgages and a geographical cross reference to the Real Estate Appraisals is given. This permits the user in searching for the appraised value of a given parcel, and not having the name of the deceased, to obtain the information instantly. Years of experience have demonstrated that by using the Record and Guide Quarterly time and annoyance are saved. It is equally valuable to the broker who maintains an elaborate system of keeping records, or the man who must condense his plant.

## REAL ESTATE APPRAISALS.

### Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

Aspell, Anna T.—Sept15'17 (June27'18)—76TH ST, 34 W (4:1128-52), 22x102.2, 4-sty & b stn dwg, \$30,000.

### EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranties.

C. a. G. means a deed containing Covenant against Grantor only, in which the covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

E. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, \$:432-10, denote that the property mentioned is in section 2, block 432, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000—\$20,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1918.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

### THE SUPREME COURT

has permitted real estate appraisers to qualify as experts and testify in court proceedings from their knowledge of real estate values obtained from the records as published in the Record and Guide. Why? Because, they are absolutely authentic, for these records are carefully abstracted from the original instruments, verified and edited by experts with years of experience, thus making them accurate, dependable and reliable, having no equal, and their value never decreasing.

With additional information not given in the Record and Guide weekly, these records are also published in the Quarterly, the final one, making in one compact volume, a complete transcription, in digest form, of all Conveyances, Miscellaneous Conveyances such as Release of Mortgages and Dowers, Contracts, Agreements, Consents, Assignments of Rents, Power of Attorneys Designation, Resignation and Appointment of New Trustees and Executors, etc., Mortgages, Extension of Mortgages, Participation and Subordination Agreements of Mortgages, Assignments of Mortgages, Satisfied Mortgages, Leases, including consents, assignments, cancellations and surrender of leases; Real Estate Appraisals, Auction Sales, Wills, New Buildings and Alterations with cross references for the entire year, Borough of Manhattan. These records are arranged geographically, chronologically and alphabetically so that the subscriber may, at a moment's notice, find the desired information. In order to make these records more complete the attorney's name is inserted in all Mortgages and a geographical cross reference to the Real Estate Appraisals is given. This permits the user in searching for the appraised value of a given parcel, and not having the name of the deceased, to obtain the information instantly. Years of experience have demonstrated that by using the Record and Guide Quarterly time and annoyance are saved. It is equally valuable to the broker who maintains an elaborate system of keeping records, or the man who must condense his plant.

## REAL ESTATE APPRAISALS.

### Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

**Adelson, Philip**.—Aug18'17 (July2'18)—7TH AV, 428 (3:783-42). 19.2x70, 4-sty bk bldg; ½ int \$14,343.75.

## REAL ESTATE APPRAISALS.

### Borough of Manhattan.

The following values were placed on real estate properties this week by the state appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

Pontana, Jos. L.—Dec2'15 (July10'18)—DOWNING ST, 13 (2:527-84), 30x80, 4-sty bk tnt & str; 1/4 pt of \$19,000.

## REAL ESTATE APPRAISALS.

### Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

**Beyerle, Margaretha**—Jan 5'17 (July 20'18)—38D ST, 287 E (2:373-62), 21x96.2, 4-sty bk tnt, \$13,500.

# EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which the covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482-10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000—\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1918.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

## EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which the covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:432-10, denote that the property mentioned is in section 2, block 432, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000-\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

## KEY TO ABBREVIATIONS USED.

(A)—attorney.  
A.L.—all liens.  
AT—all title.  
ano—another.  
av—avenue.  
admr—administrator.

## REAL ESTATE APPRAISALS.

## Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

**Bacon, Mary E.**—Feb'18 (July31'18)—39TH ST, 109 E (3:835-10), 25x98.9, 4-sty bk & stn dwg, \$50,000.

3D AV, n e c Westchester av, new partitions to 2-sty bk str; \$250; (o) Solomon Schinas, 32 W 100th; (a) W. M. Simpson, 621 Bway (188).

EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:432-10, denote that the property mentioned is in section 2, block 432, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000-\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1918.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

## REAL ESTATE APPRAISALS.

### Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent, in some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

# EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:432-10, denote that the property mentioned is in section 2, block 432, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000-\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1918.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

## KEY TO ABBREVIATIONS USED.

### REAL ESTATE APPRAISALS.

#### Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

**Bernheimer, Flora**—Nov6'12 (July12'18)—57TH ST, 107 W (4:1010-27), 18x100, 4-sty & b stn dwg, \$50,000.

**57TH ST, 105 W** (4:1010-28), 25x100, vacant; 1/2 pt of \$50,000; also title to all property vested in the S E & M E Bernheimer Co, a corp, of which decedent owned 1/4 interest.

**Coster, Henry A**—Nov2'17 (Aug14'18)—81ST ST, 50 E (5:1492-42 1/2), 20x102.2, 5-sty bk & stn dwg, \$50,000.

**WATER ST, 384-6** (1:251-52-53), 33x60.2, 2-2-sty bk tnnts & str, \$5,500.

**Dayton, Laura A**—Apr10'18 (Aug14'18)—MT MORRIS PARK W, 13 (6:1720-53), 25x85, 4-sty bk dwg, \$22,000.

(Since death of decedent on or abt Sept11'17 above was conveyed to N Y Life Ins Co for consideration of canceling mtg for \$22,000.)

**Foster, Carrie O**—Oct18'17 (Aug16'18)—IRVING PL, 54 (3:873-21), 26x107.3, 3-sty bk club house, \$43,000.

**Goldstein, Herman**—May15'12 (July15'18)—AV D, 88-90 (2:363-8), sec 7th, 45x75, 5-sty bk tnt; 2/3 pts of \$53,000.

**GOERCK ST, 100** (2:324-6), 25x98.10, 4-sty bk tnt; 1/2 pt of \$21,000.

**Heil, Rosa**—May30'15 (July17'18)—NORFOLK ST, 28 (1:312-5), 25x100, 5-sty bk tnt & str; 1/2 pt of \$21,000.

**118TH ST, 234 E** (6:1667-32), 25x100.11, 5-sty bk & stn tnt; 1/2 pt of \$18,000.

**118TH ST, 236 E** (6:1667-31), 25x100.11, 5-sty bk & stn tnt; 1/2 pt of \$19,500.

**116TH ST, 239 E** (6:1666-17), 16.8x100.10, 3-sty & b stn dwg; 1/2 pt of \$9,300.

(Deduct 15%, being so much less for the fractional interest.)

**Kertscher, Herman**—Jan15'18 (Aug15'18)—100TH ST, 323 W (7:1889-9), 20x100.11, 5-sty bk dwg, \$29,000.

**McDonagh, Wm, Jr**—June30'17 (July30'18)—FRONT ST, 180 (1:71-28), 24 x 63.5 x irreg, 5-sty bk loft bldg; 1/2 pt of \$39,000.

**Meyers, Henry**—June13'18 (Aug15'18)—LEXINGTON AV, 1066 (5:1410-17), 16.6x 85, 3-sty & b stn dwg, 17,000.

**55TH ST, 146-50 E** (5:1509-45-46 1/2), 56.3x 100.5, 3-3-sty & b stn dwgs, \$50,000.

**LEXINGTON AV, 1043** (5:1409-20), 17x82.6, 4-sty & b stn dwg & str, \$21,000.

**Rath, Bertha H**—Apr12'18 (July15'18)—ST NICHOLAS AV, 1363 (8:2162-19), 18x80, 3-sty bk tnt & str, \$18,000.

**Roe, Alfred S**—Aug3'17 (July30'18)—72D ST, 174 W (4:1143-63), 23.4x102.2, 4-sty & b stn dwg, \$85,000.

**Siebert, Eliz O**—June22'15 (July15'18)—3D AV, 1124 (5:1400-38 1/2), 20x65, 4-sty bk tnt & str; leasehold; \$7,000.

**Stimson, Lewis A**—Sept17'17 (Aug14'18)—LEXINGTON AV, 275 (3:892-24), 24.8x 100, 3-sty bk dwg, \$26,000.

**LEXINGTON AV, 277** (3:892-23), 24x100, 4-sty bk dwg, \$37,000.

### EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which the covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:423-10, denote that the property mentioned is in section 2, block 423, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000-\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1918.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no annex or block number.

### KEY TO ABBREVIATIONS USED.

(A)—attorney.  
A.L.—all liens.  
AT.—all title.

### REAL ESTATE APPRAISALS.

#### Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

**Bingham, Mary L**—July 27'17 (June 25'18)—5TH AV (6:1602, 1 to 4 & 69-72), es, from 96th to 97th, 200.10x100, 3-sty bk & stn tnt & vacant, \$600,000.

EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482-10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000-\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1918.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

REAL ESTATE APPRAISALS.

Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

**Agassiz, Eliz G.**—June27'07 (May28'18)—Decedent had an 1-28 int in following. The value of the whole are given:

**BROAD ST, 71-3** (1:29-65-66); also **SOUTH WILLIAM ST, 28-30**, 41.3x100x irreg, 4-4-sty bk loft bldgs, \$237,000.

**GREENWICH ST, 207-13** (1:85-6), sec Vesey (Nos 57-67), 129x79.10x119.2x irreg, 2-5-sty & 3-4-sty bk loft bldgs, \$322,844.

**Cary, Thos G, Jr.**—Dec28, 1888 (May28'18)—Decedent had an 1-28 int in same property as above, but the values given on whole are as follows:

**BROAD ST, 71-3**; also **SOUTH WILLIAM ST, 28-30**, \$207,000.

**SEPT. 13.**

apts; \$600; (o) Jos. H. Adams, 611 W 111; (a)  
De Rose & Cavalieri, 306 E 116 (1762).

# EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:432-10, denote that the property mentioned is in section 2, block 432, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000—\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1918.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

## KEY TO ABBREVIATIONS USED.

(A)—attorney.  
A.L.—all liens.

## REAL ESTATE APPRAISALS.

### Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranties.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 1:483-10, denote that the property mentioned is in section 2, block 483, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000-\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1918.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

(A)—attorney.  
A.L.—all liens.

## REAL ESTATE APPRAISALS.

### Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

# EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 1:432-10, denote that the property mentioned is in section 2, block 432, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000—\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1918.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

## KEY TO ABBREVIATIONS USED.

(A)—attorney.  
A.L.—all liens.  
AT—all title.  
ano—another.  
av—avenue.  
admr—administrator.  
admtrx—administratrix.  
agmt—agreement.  
A—assessed value.

## REAL ESTATE APPRAISALS.

### Borough of Manhattan.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.

**Bade, Arthur H.**—May11'18 (Sept19'18)—40TH ST, 213 E (5:1314-9), 25x98.9, 5-sty bk tnt; 1/2 pt of \$26,500, less 10%.

EXPLANATION OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed where all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which the covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made by them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:432-10, denote that the property mentioned is in section 2, block 432, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000-\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1918.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

(A)—attorney.
